The Landscape Committee must approve all requests in writing. The Association's landscaper must be used to fulfill all requests. Every effort will be made to complete approved requests in a timely manner. An on-site meeting with the Landscaper and Landscape committee members will be required to confirm location of any approved additional planting. Approval for additional plantings will be reviewed for reasonableness in relation to existing irrigation and plants. All costs associated with additional plant installation and/or removal will be the responsibility of the homeowner to be paid in full before the work is started. Homeowners should remember that the areas outside of the walls are common areas and the Board has the authority to perform any maintenance and/or removal of said plants without notice to the homeowners. The Board will not be liable for any financial reimbursement or replacement should the plant(s) not thrive/survive or there is a need to be removed. **Please submit completed requests to Cadden Community Management.**
